Hey Steven,

I spoke with Robina over the phone today. I'll try and provide her with more information, but I am not sure whether my comments to CDE are public records. Before I provide any information to her I want to check with my supervisor.

Thank You,

-Eric

Thanks Eric – is it possible to provide Robina with a copy of our comments (I assume they're public records)? I know she was interested in seeing what we had submitted. Or, is there another way that you might know of which would be a better path for her to pursue to get a copy of our comments?

Many thanks!

Hello Steven,

I heard Robina's vm this morning. I'll get back to her later today. I already gave my input to CDE on their new school siting guidelines, but I may be able to do a second round.

Hi Eric – I was talking to Robina Suwol today and she mentioned that she had heard that you were going to be meeting with the CA Dept of Education on the issue school siting (I'm not remembering how she came to know that you were going to be meeting with them). She was wondering if there were EPA recommendations that you were going to be discussing and, if so, whether she could see a copy of any such recommendations. She said that she only just had left a message for you about this, but asked if I would follow up with you as well. If there is anything you'd like me to convey to Robina, I'd be happy to do so if you're not able to get back to her directly.

Best regards,

Steven
